Yusuf Akhsan Hidayat

Senior Web Dev at Finarya
Yogyakarta, Indonesia

Summary

I am a Senior Web Engineer with extensive experience in developing
web applications using JavaScript, PHP, and various modern
frameworks such as React, Vue, and Svelte. Highly adaptable
and quick to learn new technologies, especially in the JavaScript
ecosystem. Committed to producing clean, efficient, and scalable
code, and always following the development of trends and best
practices in the world of web development.
